Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner suggested to the Applicant to amend the independent claims reflect that the interpolated pixels are given a weight less than the non-interpolated pixels since this would overcome the art of record, whereas solely stating that the weight of the surrounding pixels of the position are assigned a weight of 1 is not sufficient to reflect this. The Applicant's representative spoke with her clients and agreed to make the suggested changes thus putting the application in condition for allowance.
